Paper-like reading lighter than a pocket book

Thanks to the E Ink technology, incorporated into the display of the tolino page, light is being reflected almost the same way as on regular paper. Through this function glare-free reading becomes possible in bright sunlight. The light weight of the eReader provides for a notable handiness. Paper-like reading - with the advantages of digital reading.

A lot of practical features for a perfect joy of reading

Experience an ideal reading comfort thanks to many functions on your tolino page. Choose from many different optimized fonts and font sizes to use on your E Ink Display, based on your desires. Moreover the extra text settings enable you to individually adjust your preferred line height, text alignment and margins to create an especially relaxing reading experience for yourself. Notes and highlights in your eBook? Looking up words in your eBook or directly translating them? No problem for your tolino page! Simply choose a word in your eBook and in a matter of seconds the word definition or translation will be shown.

Free shop choice: You decide where you want to buy your eBooks

The world of tolino provides you the freedom choice and always lets you decide where you would like to purchase your eBooks. The open tolino page system and the general compatibility with eBook standard formats (ePUB, PDF, TXT secured and unsecured) supply you with independence. Enjoy the variety of all available eBook sellers and easily load existing ePUB and PDF documents on your tolino page. Without having to convert your documents this feature lets you stay flexible regarding the choice of your shop.

Easy handling thanks to the touch screen

Browsing your eBook, zooming in on your PDF, searching through the web browser or simply look around your tolino page eBook library – the touchscreen of your tolino page provides you with an easy handling in every situation. The tolino page battery offers you many hours of visionary reading. Thanks to a week-long battery life – the tolino page is the perfect companion for your vacation.

2.000 eBooks always by your side

The tolino page storage provides plenty of room for your eBooks. Thanks to the 2 GB storage capacity (out of 4 GB in total) with your tolino page you may carry up to 2.000 eBooks with you at all times. More than 2 million thrilling novels, nerve-racking thrillers, exciting nonfiction books are waiting for you in the integrated eBook shop of your tolino book seller. Directly explore new eBooks twenty-four-seven!

Connected with WLAN and Hotspots from Deutsche Telekom

With the tolino page you now read even easier more comfortable than ever before. Buy your eBooks online through WLAN or via a Hot Spot of Deutsche Telekom in your incorporated eBook shop – foolproof and with circuits on your computer. The particularity – with your tolino page you get free access to the Deutsche Telekom AG Hot Spots (across Germany), this way you can arrange for new reading material at e.g. train stations, airports and cafés while on the go.

tolino Cloud: easier administration and synchronization of eBooks

With the tolino page you get free access to the tolino Cloud, the safe online storage for your reading contents. In the tolino Cloud you will find room for your purchased eBooks as well as for your self-uploaded eBooks. Also while on the go you have the possibility to access your saved eBooks at all times. They may be synchronized with up to five devices. That way you may not only read your eBooks on your tolino page but also through the tolino apps (iOS and Android), e.g. on your smartphone or tablet and continue reading where you last stopped.
