Relaxing, reading and taking a bath

Prepared for all worst case scenarios - with the tolino vision 4 HD you will enjoy a relaxed reading time out when taking a bath with your new, favorite eBook. The tolino vision 4 HD is protected against water from the inside and can even handle a quick dip in the water. That means, that the tolino vision 4 HD can be 1 meter deep in freshwater for up until 30 minutes - of course you may continue your favorite eBook right after that happens! Escape your daily routine while also having the best of two worlds – exciting book treasures in addition to the comfort of an eBook Reader.

Pin-sharp typeface thanks to the 300 ppi display

With the tolino vision 4 HD you enjoy a perfectly sharp and print-on-paper like typeface. Passionately crafted for readers the tolino vision 4 HD high-resolution display with 300 ppi provides a perfect reading experience. Read with notably less flickering when turning pages on the eBook Reader. The E Ink Carta™ display of the tolino vision 4 HD is glare-free even in bright sunlight and ensures a flawless reading pleasure.

Turn pages easily with one hand

The world-wide unique tap2flip function of the tolino vision 4 HD guarantees relaxed reading even with just one hand. Conveniently turn pages with very little effort while reading your eBook, by simply tapping the back side of the tolino vision 4 HD. Perfect, when you are on the go and only have one hand available or when you are reading while laying down. You may of course still use the capacitive touch screen on the front of your tolino vision 4 HD to turn pages.
