- **smartLight:** automatic color temperature adjustment depending on the time of day
- **For all your favourite books:** storage for up to 12.000 eBooks

*Protected for up to 60 min. in up to 2 m of fresh water

For all those who love it compact, but do not want to do without functionality

So small and yet so smart: The new tolino shine 4 not only fits comfortably in the hand, it's also packed with intelligent technology that makes digital reading even more enjoyable. New are not only the stronger processor and the doubled storage capacity compared to the previous model, but also the water protection. No matter when and you want to pick up your favorite book, perfect reading enjoyment is guaranteed.

Faster page turning due to more powerful processor

With tolino shine 4, it's now even easier for you to immerse yourself completely in your stories. Because the optimized 6 inch E Ink display together with a new, even more powerful processor ensures a 20% faster response time compared to its predecessor. This not only makes turning the pages much more pleasant, but also enables a new, previously unattained level of comfort in reading.

Relaxing, reading and taking a bath

Enjoy a relaxing reading time with your favorite book – whether in the bathtub, in the pool or at the lake. Thanks to the water protection, the device is completely protected from water damage and can handle a brief dip without any trouble. In case your tolino shine 4 should accidentally slip out of your hand, just stay calm: your device will not be harmed.

Handy to use and environmentally friendly

The new tolino shine 4 sets a shining example not only in terms of convenience, but also in terms of sustainability. The back cover of the device is not only special because of its dark "Ocean Blue" color scheme. Also recycled plastic was used for the first time in its manufacture.

smartLight: the best light during the day and at night

The one and only smartLight ensures perfect lighting at all times on your tolino shine 4. The clever color adjustment of the integrated reading light adapts automatically and changes in accordance to the time of day – switching from cool white light in the morning to warm white light in the evening. It is perfect for your natural rhythm, especially if you like to read before going to sleep. Of course, you can individually adjust smartLight to your preferences, whether you want cool or warm light. If you are reading in bright daylight, you can also turn the lighting off completely and extend your eReaders battery life even further. Read like the printed page without any annoying reflections from the sun.

Even more space for your favourite books

Over 3 million eBooks to choose from – browse the online stores of tolino booksellers around the clock and download interesting new releases to your eReader at any time. The tolino shine 4 offers plenty of space for your reading treasures. Due to the 16 GB storage, of which around 14 GB are for your books, up to 12.000 eBooks can be stored locally on the tolino shine 4 and will always accompany you wherever you are.

Limitless freedom – buy eBooks wherever you want

tolino is all about free choice and leaves you to make the decision where you want to buy your eBooks. This means that you can enjoy the full range of eBooks from all available tolino eBook retailers. You can also load existing EPUB and PDF eBooks easily onto your tolino shine 4 and read them on your eReader thanks to the practical tolino cloud synchronization and the tolino library link functions.
